ClearPath Security — Endpoint Protection Proposal

Prepared for Northbridge Industries, IT Security. Contact: Riley Chen, Solutions Director, riley.chen@clearpath.example.

1. Company overview

ClearPath Security was established in 2011, has 310 employees and protects over 2,000 organisations.

2. Commercial proposal

Total annual price: USD 71,500 for 850 endpoints and 120 servers, including EDR and the central console.

Payment terms: annually in advance, net 30 days.

The 24/7 managed incident response service is available at an additional fee of USD 18,000 per year.

3. Deployment

Rollout in 5 weeks, starting with a two-week pilot on 100 devices.

4. Service levels

Console availability of 99.9%, with 4-hour response for critical incidents.

5. Contract terms

Two-year term. This agreement renews automatically for 12 months unless either party gives 60 days notice.

The agreement is governed by the laws of the State of Delaware.

6. Data protection

Telemetry is processed in the EU; ISO 27001 certified; breach notification within 48 hours.
